Introduction to the TOPIC

Marcelo Ponce

June 16, 2022

Department of Computer and Mathematical Sciences - UTSC

Today's lecture

In this first lecture we will discuss the following topics:

- INTRO
- THEORY
- EXAMPLES
- APPLICATION
- Summary/Overview

The goal for today's lecture is to introduce you to the topic of *TOPIC*, and review its main applications in programming and data structures.

Please stop me if you have a question.
